

33rd Inter-City Cactus and Succulent Show and Sale

9:00 – 5:00

August 11 – 12, 2018

Los Angeles County Arboretum

Cacti and Succulents from 6 Continents

The cacti and succulent lovers of Southern California and beyond get together every August for a competitive display of some of the best grown succulents and cacti from around the world. This is very much a party for plants; they are dressed at their best. It's also a party for growers, many of whom only see each other once or twice a year. Since we love to share our bounty, there is a fantastic sale of plants from local vendors, augmented by others from Northern California, San Diego, Arizona and New Mexico. Plants displayed cover the globe, with significant collections from South Africa, Madagascar, Mexico, South America and the United States. Almost all are potted to capture the spirit of their native habitat. This year's show is August 11 and 12 at the Los Angeles County Arboretum in Arcadia.

Every year rarely exhibited succulent plants appear on the show tables. The Inter-City Show is unique – being a participant or a visitor is something no one ever forgets. Each year there are about 100 entrants and about 1400 plants. The plant selection is never the same. Along side the rarities are equally treasured specimens, more common now, but new and exotic 20, 50, or 100 years ago. The quality of the plants and the creativity of the staging reveal the beauty of succulent plants to amaze all who see this show. Many first-time visitors find it incredible that all of the wonderful shapes, colors and textures are from plants grown on a single planet. The Inter-City Show defines the best in succulent plant horticulture in a way that no other plant show can.

The show is accompanied by a sale of cacti and succulent plants, as well as pots, books and growing media. Many of the sellers make only one Southern

California visit each year, making this an opportunity not to be missed. An important feature of the show is a series of talks (see inside for the listing) by some of the best growers from Southern California and beyond. Demonstrations show potting techniques and promote discussions on cultivation for beginning and advanced growers alike. Propagation of succulents is an important part of many talks.

Pictures of the Inter-City Show now appear in every digital medium, allowing the show to be seen and enjoyed around the world. A search on Instagram, Facebook, Flickr and YouTube will bring up past shows. The CSSA page on Facebook has a great selection of plant photos. Tours of previous shows are easily found on YouTube. Although the show is only two days every August, it lives year-round in social media.

The Inter-City Show is one of the easiest to enter with classes for novice growers, advanced growers, and an open class for the expert growers. Novice and advanced growers are the heart of the show! They enter more than two thirds of the plants exhibited, and these are the plants that convince visitors to become members of their local Cactus and Succulent Society. The entry hours go into evening on Wednesday and Thursday and start at 8 in the morning on Thursday and Friday. We invite and encourage participation from members at all levels from all the clubs.

Exhibit this year. You will enjoy the experience and become a better grower!

Entry Tags & Show Schedule

Entry tags and Show Schedules are available at all club meetings. If you are entering from out of town (or just desperate) and need either, contact John Martinez at Johnwm@gmail.com or, (805) 390-2139 or Tom Glavich at tglavich@sbcglobal.net or, (626) 798-2430 and we'll mail them to you. Tags and the schedules will also be available during the set-up days. If you are a novice, there will be people there to help with identification and placement. We all start as novices.

Your Help Needed!

You are needed! Lots of help is needed for set-up on Wednesday morning, and teardown Sunday afternoon and night - let your show chairman know. The table rental company will do the set-up. We just need to push the tables into the right positions and add the tablecloths. All of the backbreaking work will be done by others. We need help setting up the sales area.

The same is true for the sales, tabulations, holding area, etc. We particularly need help on Saturday morning when sales are the busiest. Sales and holding area need help during the show, and everyone is needed to greet the public, answer questions, and just keep an eye on the plants.

Wear your club badges!

A good crowd in the room makes for a better show. This is a great time to meet people from the other

clubs and to spend more quality time with the plants you love. If you haven't spent time at a show, you will be amazed at the growing tips and advice that are freely given. It is a first-class learning opportunity. No previous experience and no plant expertise (although you have more than you think) is required.

Web Master and Web Page

Gunnar Eisel has maintained our Web Page for many years. Access is through <http://www.sgvcss.com>.

Worker and Entrant Pre-Sale

The sales area will be open Friday from about 2:00pm (or earlier if there is a cashier and a cash register). This is a special pre-sale for workers and entrants. Get the first pick of the sale plants and pots.

Show Schedule Changes

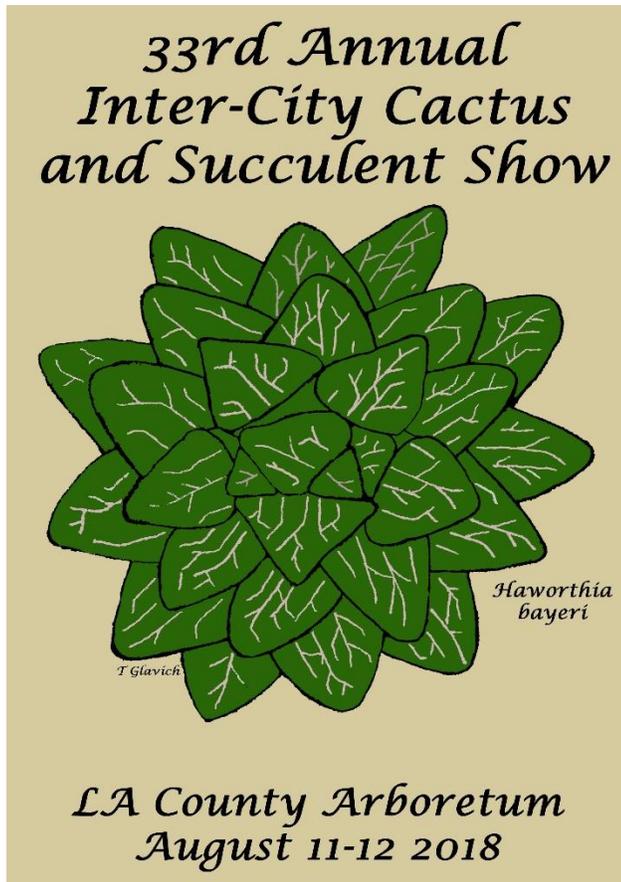

The show schedule this year is the same as last year. The show schedule can be found at: <http://www.sgvcss.com>.

Plant Entry and Take-Out Times

Plant Entry times are from 1:00pm to 6:00pm on Wednesday August 8, 8:00am to 9:00pm on Thursday August 9, and 9:00am to 4:00pm on Friday August 10. All plants must be in place before 5:00pm to allow the start of judging. Take-out starts at 5:00pm on Sunday August 12. All plants must be removed on Sunday evening.

Shirts and Artwork

This year's T-Shirt design is *Haworthia bayeri* by Tom Glavich. Many of us have this plant, and it would be interesting to see a great display of this wonderful plant.

Golden Sweeps!

The Golden Sweeps have been a part of our show for several years. These are special pots awarded to those who win a first, second and third in a single category in Class 1 (Cacti) or Class 2 (Succulents). Bring in those 'extra' plants that will give you a chance at these special awards. Last year we awarded only a few of these awards, almost evenly distributed between Open, Advanced and Novice! It's no secret that these are easiest to win in the Novice class. We give out about the same number in Cacti and Succulents, so bring what you grow best.

Saturday Night Banquet and Auction

The Saturday night Banquet and Auction has been a show tradition from the start. It's a great time to argue the fine points of showing and judging and meet many fine people from the other clubs and from out of town.

A feature of each of the Banquets has been an auction of spectacular plants (and most surprisingly affordable) from some of the best growers. These are often the ones that appear on the trophy table in years to come.

Same great location as last year: Coco's Restaurant Oak Tree Room 1150 W. Colorado Blvd. Arcadia, at the SE corner at Michellinda. Social hour starts at 5:30pm with dinner served at 6:30pm. The dinner will be the old favorite: Carved beef and chicken, with vegetables, salad, drinks and dessert.

The cost of the meal is \$32.00 for adults and \$16.00 for children from 5 to 10 years, including tax and tip. Please contact Rebecca Mallonee for further information 714-299-1304 res1kytd@gmail.com. Make checks payable to ICCSS c/o Evelyn Stevens 216 S. California Ave. Monrovia, CA 91016

If you plan to attend the auction only, please register with Rebecca as the number of walk-ins is limited.

Due to the overwhelming number of auction plants, we ask that you let one of the Chairs know prior to bringing plants. We have a two-plant limit and must limit the total number of plants.
