President's Message

Well, we're home from South Africa. What a fabulous journey. We can't wait to share it with the club.

The club needs your help. We need a chair person for the club's Holiday Party on December 11. Please give one of the Board members a call or see us at the meeting.

The nominees for the Board of Directors are Mary Brumbaugh, Rebeca Malone and Brian Le. We will elect the new members at the November meeting. Nominations will be accepted from the floor. Any member nominated from the floor must be in attendance.

The Winter Show and Sale will happen BEFORE our next meeting. Please be sure that you have your plants entered and if you have not signed up to volunteer, Manny and his crew can use your help. See him on Thursday or Friday. You will want to be sure that your name is on the volunteer list, because for the first time ever the club is giving away SHOW BUCKS to our volunteers. If you sign up and actually help with the set up, operations, or tear down of the show, you will be given SHOW BUCKS which may be spent on plants, pots or the dinner.

We will have a Board of Directors meeting during the Winter Show. It will be held at 2:00 PM on Sunday, November 6, probably under the trees near Ayres Hall.

President's Message - cont'd.

We will discuss and set the Mini-Show and Study Group topics at the next Study Group (Nov. 16). If you have any suggestions, let one of the Board members know.

Our speaker, this month is Mark Muradian. He is always very entertaining, and I won't be at all surprised if he brings pots to sell.

See you at the meeting!

Buck Hemenway

This Month's Program

Mark Muradian

Mark's talk will be a video presentation on a trip he took to Peru last September. Starting in Chiclayo and ending in Cuzco, he toured through much of the country in search of the many cacti found there, with the mandatory visit to Machu Picchu. Mark will show the plants and the culture in video format, which really makes it more realistic when showing culture, animals and people move and speak! Mark is a self-proclaimed farmer, potter and cactus and succulent collector for 25 years.

Mark will bring pottery to sell at the meeting.

CSSA Corner

All CSSA members should be sure to vote for directors using the ballot in the *To The Point* in the next Journal.

The first ever *Myron Kinnach Lifetime Achievement Award* was given to Myron at the Huntington Succulent Symposium on September 3. The award will be presented at the Symposium in non-Convention years.

Welcome New Members

Please welcome these new members and make them feel welcome at our functions.

**Tribute to
Carol Anne Wujcik**

On Wednesday, September 28th, 2011, we all lost a great friend, a wonderful and compassionate person and a lover of the world’s natural treasurers. Carol passed from a heart attack at 7:00 pm in her home in Fallbrook, CA. She was in the presence of her loving husband Joe, their housekeeper and their family of cats. Carol was born on September 1, 1943 in the town of Manhattan, KS and is survived by her husband Joe, her siblings Bill, Peter and Steff, her father, her numerous friends, and all of her special kitties and plants.

Having known Carol for over 30 years, I was asked and am honored to write this tribute to Carol and her amazing life. Anyone who knew Carol, quickly became aware that she was a very compassionate, philosophical and a giving person. Not only did she give so much of herself to Joe, her friends and her many prized four legged creatures, but she also gave greatly to the betterment of humanity.

Her contributions to the cactus, succulent and bromeliad worlds were never ending. She was the newsletter editor for many years of the Long Beach Cactus club and was soon made an honorary life member of this club, the oldest C & S club in the United States. She was also one of the inspirational persons for the foundation of the Inter-City Cactus and Succulent Show. Due to her wonderful ability to promote others, she soon became the pre and post show newsletter person for the ICCSS. It was from this forum that her photography and positive journalism were really recognized. She is without a doubt one of the major reasons for the philosophy and great success of the ICCSS show today. Over the last number of years, she and her husband Joe have been producing a superb newsletter for the Saddleback Bromeliad Society. As a writer, photographer and an overall promoter of people, Carol has definitely set the standard and left her mark for all newsletter persons to emulate.

Carol also had a tremendous enthusiasm for the wild outdoor places, especially our own south west, USA. Once living in California, she soon became familiar with the stark and dramatic Mojave Desert. On one of her first trips into the Mojave, the Clark Mountain region, she was instantly taken by the often spiritual experience of sitting around the campfire and enjoying the stellar light shows. We were lucky to travel with Carol and Joe on numerous trips into the US deserts, as well as many trips into the majestic Baja California, Mexico. During these later trips, Carol quickly learned to embrace the joy of campfire margaritas and philosophical conversations. She was well known for her deep and spiritual questions, such as; “What is the meaning of life?” and “If there is reincarnation, what would you like to come back as?” Carol would often say, “I would like to come back as one of my dogs, they have such good lives.” I will always remember myself and a few others dragging Carol up the mountain at Cerro Bola, Mexico, to see her first *Astrophytum coahuilense* by the star light. She was glowing with excitement, a moment that I’m sure she also never forgot.

Carol had a tremendous affect on us all. From shows, to the great outdoors, to gatherings of cactus, succulent and bromeliad people, she touched our hearts and our imaginations. All three of my children saw Carol like a godmother and my daughter Sarah said, “I’ll never forget going to Carols home and dressing-up her cats in beads and hearing Carols most wonderful, joyful laughter.” Those of us who knew Carol are very lucky. I hope we can pass on her love and appreciation for nature’s wonders and her desire to bring people closer together.

With love, from Woody and all who knew her.
