AND PLANT AUCTION

HOLIDAY PARTY 12/12

PRESIDENT'S MESSAGE & MORE:

A MESSAGE FROM NICK RENTERIA, SGVCSS PRESIDENT:

Happy holidays everyone!

Before we head into the new year, I wanted to congratulate our two new board members, Directors **Mike Pearson**, **Liz Wagner**, and returning board member **Angela Clubb**. I also want to thank outgoing board members **Jessica Janoski** and **Louise Guerin** for their service.

In lieu of our December general meeting, we will be having our **Annual Holiday Party** on December 12. This annual tradition will feature turkey and ham and potluck style side dishes. And don't forget to save room for dessert! As part of the night's festivities, we will have a Plant of the Month winner's presentation, plant auction, and gift exchange. More details can be found in this newsletter.

This past year has been another great year for our club. With your help we can keep that going next year and beyond.

Wishing everyone a great holiday season. Hope to see you at the holiday party.

Warm regards,
Nick Renteria

ABOUT SGVCSS

Chartered in 1967, **San Gabriel Valley Cactus & Succulent Society's** objectives are to promote knowledge, study, & interest in cacti and other succulent plants through educational programs, public exhibits, & the sharing of these interests to the general public.

YEAR IN REVIEW:

COVER PHOTOS OF 2024

The image displays nine covers of the 'COMMUNIQUE' magazine, arranged in a 3x3 grid. Each cover is for a specific month in 2024, from July to December. The covers feature various cactus and succulent photographs, along with text for featured articles and events. The magazine title 'COMMUNIQUE' is prominently displayed at the top of each cover. The background of the grid is a dark green color with a subtle pattern of small white dots.

WINTER SHOW & SALE '25:

SGVCSS WINTER SHOW

A NOTE FROM SGVCSS WINTER SHOW '25 CHAIR MANNY RIVERA:

Our **30th Annual Winter Show & Sale** is coming this February, which means a lot of our winter-growing plants will be actively growing and

looking great with the cooler, longer nights. Some cacti will be waking up and some of them will be flowering.

The **Winter Show** is our club's annual fundraiser for our monthly meetings, guest speakers, holiday party, refreshments, books, field trips, and more.

Please support our show! Volunteer, bring plants to show, bring your friends and show them your plants, invite them to the sales area, and tell them about our club.

A NOTE FROM SGVCSS WINTER SALE '25 CHAIR JAMES LEMOS:

I am both excited and honored to again serve as the Club Sales Chair for this event, our **30th Annual Winter Show & Sale**. Come be a part of it!

For our third year, we will be holding the Show & Sale at the *Arcadia Masonic Center*, which was again a great host for us last year. I'm looking forward to seeing and working with you all.

WINTER SHOW & SALE '25:

SGVCSS WINTER SHOW

ENTER YOUR PLANTS

SGVCSS WINTER SALES CHAIR MANNY RIVERA

We want to show off your plants at our club's show! Have you brought in plants to our mini-shows? Do you have some nicely staged cacti or succulents you want to show off? All of those are great plants to enter!

Come in during plant drop-off times and Manny, Tom, or another volunteer will help you fill out entry tags and where to put the plant for the show. We wouldn't have a show without your plants! Come through!

VOLUNTEER

The show doesn't run without the help from awesome volunteers like you. Can you help us 3-4 hours on one of the set-up or show/sale days? We need volunteers to oversee the sales area & show area, and to hand out sandwiches and drinks. Reach out to Manny to help.

ATTEND SHOW

Whether you have time to volunteer or not, make sure you come down and check out the show! If this is your first time we promise you're going to have a blast! Just seeing plants in person that you may not be able to see anywhere else is a sight to behold. Also, there will be some outstanding staging going on from which you can get ideas on how to stage your plants at home. And don't forget to see which plants made it to the Trophy Table! Remember to wear your name badge!

SHOP FOR PLANTS

SGVCSS WINTER SHOW CHAIR JAMES LEMOS

We hope you've been saving up some money to spend in well-grown common and some rare plants! This is your opportunity to pick up some plants not available at your local nursery or Big Box store. Check out our two dozen plant and pot vendors and we promise they'll be something you like! And don't forget to ask the vendors for their best care tips!

ATTEND DINNER & AUCTION

Saturday night of the show is our annual Show Dinner and Auction. You'll need to sign up for this with our Treasurer Margie. Then you'll be able to enjoy unlimited tacos, sides, and dessert from awesome Martinez Catering, followed by a plant Auction featuring some of the rarest and/or oldest plants that you can actually get your hands on! Past auctions have featured plants not readily available commercially and others that were over 50 years old! Don't miss this!

- 100 Individual display
 - 101 Commercial display
 - 102 Educational Display

- DIVISION 6 KIDS (Ages 5-12)**
- 105 Cacti
 - 106 Succulents

FIELD COLLECTED PLANT POLICY
RULE 1: Field Collected Plants are not accepted for entry.
RULE 2: Upon entering plants, Exhibitors verify that, to the best of their knowledge, that The Plants are not Field Collected
RULE 3: If a Plant does not meet this Criteria, The Judges and Show Committee will remove The Plant from The Show
RULE 4: The Judges and Show Committee's decisions are final and binding

SHOW RULES

- 1) Exhibitors must be members of the SGVC&SS
- 2) Entries must be in the possession of the exhibitor for at least 6 months. Artificially propagated plant entries are encouraged. They must be clean (no weeds and debris), healthy (no insects, disease, and pesticide odor) and dry. Exhibitors are responsible for placing entry cards with exhibits prior to judging. The show committee may remove any entry which detracts from the show or jeopardizes the health of other entries.
- 3) Plants in Division 1 & 2 must be individually potted specimens. Pot size refers to the inside diameter of the pot at soil level (irregular pots; the average diameter). Variegates with 30% or more, Cristate & Monstrose plants should appear only in their specific classes. Miniature refers to the intrinsic characteristic of the species; i.e., a small, mature plant; not an immature, or stunted plant. Collection should be of individually potted, identified plants of one genus or some unifying theme.
- 4) The Show Room is open to authorized people only during judging. Entries must remain until the show ends.
- 5) Entries are judged on: Condition, Size & Maturity & Difficulty of Culture (70%); Staging (25%); and Nomenclature (5%). Entries are judged against "perfection"; award are given only if the judges, whose decisions are final, believe they are merited.
- 6) The Society and Show Committee will take due care to safeguard entries but cannot be held responsible for damage to, or loss of, plants or other property.

AWARDS

First, second and third place ribbons may be awarded in each class in Divisions 1 through 5. In addition 18 rosettes will be awarded for outstanding entries in both Divisions 1 & 2. For Sweepstakes calculations 1st place = 6 pts, 2nd place = 3 pts and 3rd place = 1 pt. Rosettes will be tie-breakers.
